## *Or have them quilted for you:*

Do you love creating patchwork but never have enough time to quilt? Would you like to get those quilts finished in your lifetime? We provide professional longarm machine quilting services for quilters who love piecing quilt tops, but just don't have the time (or inclination) to do the quilting.

We keep several kinds of batting on hand and also have a good stock of extra-wide backings, if you'd rather not take the time to piece your back.

Current lead time is approximately three months, but we have apprentice quilters who would love to hone their skills with much less lead time and for a more affordable price.
